### Hidden Champion in der Medizintechnik – darauf sind wir stolz

Leading medical technology companies worldwide rely on our 3D tracking technology – we have been the global market leader in this field for over 25 years. Our expertise as an innovative high-tech company for the realization of modern, digital solutions in medical application fields is a central component of our success.

#### INSIDE

People work for NDI at four locations worldwide. The cultural diversity in our globally active company and the demands of the high-tech medical industry make for a stimulating work environment. The knowledge, enthusiasm and experience of our employees are essential to our success. And everyone knows everyone by name – including our colleagues in Canada, the USA and Hong Kong. We trust each other, are honest with each other and can celebrate with each other. And we do it across hierarchies – that's what makes work fun!

You always have an overview of all documents and know exactly where everything is? With immediate effect you can put your organizational talent to use at NDI Europe GmbH. We look forward to receiving your application!

#### TASKS

- You do not only manage documents, but also create a wide range of technical documentation in close coordination with the relevant technical specialists
- In your job you will be responsible for creating technical documentation for mechanics, electronic hardware and software as well as for quality documents (e.g. verification reports)
- You maintain the documents in the respective document management systems

#### PROFILE

- You have completed technical or comparable training or have a degree as a technician
- Further training in technical documentation and / or document management would be an advantage
- Experience in mechatronic development projects is preferable, but not a must
- Systematic work in an organized process environment suits you
- You have the willingness to familiarize yourself with new technical disciplines
- The documentation is written in both English and German
- You enjoy working in an international environment
